Participants will walk away from this high-impact experience with insight into their performance and perceived potential, along with a comprehensive leadership plan and the mindset required to achieve it.

Participants will learn to:

- Discover leadership impact
- Define a personal vision
- Practice powerful presence
- Speak with a point of view
- Increase sphere of influence
- Connect with a community of strong supporters

This is an opportunity for both established and emerging women leaders to explore new ways to extend their influence, gain confidence, and be heard in a supportive environment.
